

Natural Immunity Booster

Description

Xtract Nature is a phytonutrient blend containing Capsaicin (from chilli peppers) and Curcuma (from turmeric), which acts as a natural immune modulator.

Features

- Guaranteed levels of active phyto-molecules
- Scientific peer reviewed papers, university and commercial trials support the production responses.
- Compliant with EU regulations, free of GMOs and animal products, FAMI-QS certified.

Benefits

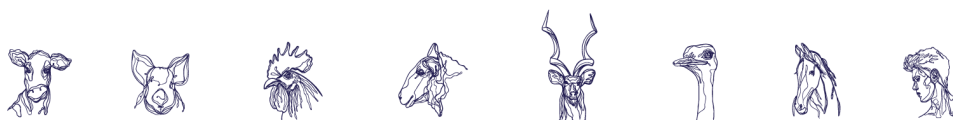

- ⇒ Improves the efficiency of the immune system of poultry and pigs
- ⇒ Reduces innate immunity in terms of over inflammation reaction to challenges
- ⇒ Enhances acquired immunity by boosting antibodies
- ⇒ Enhances the efficiency of vaccinations in terms of immune response
- ⇒ Effective against viral, bacterial and protozoal infections

Applications

Diets	Inclusion rates
Poultry complete feed	100 - 150 g/ton
Piglet complete feed	100 – 125 g/ton
Sow complete feed	100 - 200 g/ton
