

Aquamin Mg_{soluble}

Description

Aquamin Mg Soluble is a Magnesium Citrate based mineral source. Aquamin Mg Soluble is a soluble highly bioactive source of magnesium for use in food, low pH (3.0 – 6.0) beverages, nutraceuticals, and dietary supplements

Features

- A marine source of magnesium, harvested from the pristine waters of the Irish Sea.
- Mg ions in Aquamin Mg are highly solubilized and bioavailable.
- Contains magnesium (10-12%) and other minerals.
- Food Grade Facility, ISO & FSSC22000 certified facility, FDA registered.
- Halaal and Kosher certified.
- Allergen and GMO free.
- Suitable for vegetarians and vegans.

Benefits

- In-vitro digestion testing has proven that Aquamin Mg is more bio-accessible than Magnesium Oxide.
- Helps to alleviate stress.
- Helps to improve cognition and memory.
- Contribute to optimal bone integrity.
- Helps in loosening tight muscles & reduce cramping.
- Helps to stabilize enzymes used in ATP energy generating reactions.
